

Submitter: Gwendolyn Oakley

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

I am so very much opposed to this bill. 4% tax on tires, which are already expensive, is not in the best interest of the states many drivers. In these difficult times of high cost of living, having safe affordable tires should t be a worry. Plus the 4% tax isn't even going towards Oregon roads or highways.

I oppose this bill.
