On Behalf Of:
Committee: Joint Committee On Transportation
Measure, Appointment or Topic: HB3362
Co-Chairs Gorsek and McLain and members of the Joint Committee on Transportation:

I am writing to express my support for House Bill 3362.

Oregon should do all it can to mitigate transportation impacts on water quality and fish mortality from highly toxic 6PPD-quinone from tires, and protect wildlife and human safety with strategic wildlife crossings. I'm also very supportive of expanding train transit to support the state's climate goals and make traveling by train easier.

Please support House Bill 3362.

Thank you for your consideration and your service,

Megan Kemple
