Committee: House Committee On Rules

Measure, Appointment or Topic: HB3012

Chairperson and Committeee Members,
I support H3012.

I have lived almost nine decades during which life in our developed world has experienced remarkable physical health and opportunity to learn unbelievable large amount of information. We have, however, not been able to use our advantages to facilitate peace and at least steady growth toward the equality opportunity so necessary for peace.

Let's invite 16 and 17year olds the opportunity to experience some citizenship and begin practicing citizenship for a lifetime.
