Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3103

I strongly oppose HB 3103 as misguided and terribly damaging to our forests. Not only does it permit and encourage forest destruction for profit but also it endangers our fish, our wildlife, our air and water quality, our existence on Earth by increasing deadly climate change. HB 3130 destroys the beauty of our forests that we love to hike and camp in. Please vote against HB 3103 for all these important reasons!
