

Submitter: Andrea Heid

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

Dear Co-Chairs Gorsek and McLain and members of the Joint Committee on Transportation: I am Andrea Heid and I live in Portland, Oregon. I support House Bill 3362, and urge you to vote YES on this bill, which is critical to fund cleaner and more sustainable transportation options for Oregonians, such as passenger rail. This is especially important for older residents like myself who no longer care to drive, yet still want to travel to other cities in Oregon or even out-of-state.
