Once again, this bill is clearly an example of overreach and dictating to others how to live their lives.

Isn't it past time for Oregon to become as prosperous and as well run as many of the other states? Why do we always focus on the negative? Why is everything so restrictive and not business and people enhancing? Why is Oregon failing when there are so many opportunities at this time? It certainly is making many of us wonder, why aren't our lawmakers doing a better job?
