

Submitter: Alba Schultz

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure, Appointment or Topic: HB3546

Please stop subsidizing million dollar companies and making the people of Oregon pay for their energy. They have the money, they get the tax breaks, they can pay for their own bills. Stop making the rich richer and helps us! We are drowning in debt to subsidize the lifestyle of the rich. This needs to stop now.
