I have blue cross! blue shield insurance and I am with Oregon medical group. I called to make an appointment and was told my doctor was not get taking new patients and since I hadn't been to seem him in so long I was dropped. So I called for a new pcp and was told no omg doctors were accepting new patients. So I called around Lane County for over 2 hours and could not find a single doctor who would accept new patients. This is ridiculous, unless you have a serious illness or emergency you cannot be seen by a doctor.
