

Submitter: Mark Gentle  
On Behalf Of: Self  
Committee: Joint Committee On Transportation  
Measure, Appointment or Topic: HB3362

To the Committee,

Please reject this legislation. This law will have a compounding effect of raising prices not only at the time of purchase, but for public and private services and all along the consumer product supply chain for as long as the tax applies. In short, you will raise the prices for practically everything in Oregon.

Respectfully,

Mark Gentle
