

Submitter: Sarah Tucker

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3103

I oppose HB 3013. State forests are needed for recreational opportunities by all. Moreover we should be protecting them for the future, not cutting them down. How does that help our current environmental crisis? What of endangered species protection? Climate change....don't trees help us? We should be planting more trees as a carbon deposit not reducing them.
