

Submitter: Michael Stevens

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

This bill supports a 'sales' tax on tires which I oppose. Sales taxes have been brought before Oregon voters 10 times in the past and ALL of them have failed. There is already a disposal 'fee' of \$1 per tire (unless it's changed since my last purchase). The unintended consequences may be that folks simply purchase tires elsewhere.
