Measure, Appointment or Topic: SB1098

I DO NOT SUPPORT THIS BILL! In my view the real purpose of SB 1098 is to sneak in the legalization of porn in school literature that is currently illegal. It is child abuse and degrades the minds of our children. It also leaves the door open for open sexual grooming in schools by teachers, administrators, etc. The legislators sponsoring this bill are playing political suicide with our kids as their pawns, and I urge people to investigate their purpose for supporting this bill.
