CCO Adult Mental Health Continuum of Care

Administration of a CCO Member's Residential Stay

HB 2206 Adult Mental Health Residential Workgroup

CCO perspective - improving the adult mental health residential system

Current challenge	Opportunity
Duplicative roles and administrative structures	Improve efficiency, coordination, and savings
Not having risk limits innovation in provider contracting and payment	Promote alternative payment arrangements to better support total cost of care
Behavioral health system fragmentation	Align with intent of coordinated care model and prioritize whole-person care
