

Submitter: Rod Schilling

On Behalf Of:

Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or
Topic: SB77

This bill is an attack on private property rights and an extreme overreach of government into free enterprise and citizens rights. The backbone of America is small business and the freedom to entrepreneur. This legislative body has no business interfering with how private property is used under the guise of what is good for society. This would just be another one more cut in the hemorrhage of freedom and the death of the golden goose that pays for your seat in Salem.
