

Submitter: Martin Kuhrt

On Behalf Of:

Committee: Senate Committee On Education

Measure, Appointment or Topic: SB1098

This Bill that takes away the rights of a school board to control what is available for their students. Local school boards are by law the final authority as regards any business decisions affecting their district.

This Bill is a blatant attempt to usurp existing law to serve a special interest group.

The fact that it had to be snuck in and declared an "emergency" only further solidifies how corrupt this Bill is.
