

Submitter: Terry Cook  
On Behalf Of: self  
Committee: Senate Committee On Natural Resources and  
Wildfire  
Measure, Appointment or Topic: SB788

This is a common sense measure that recognizes constitutional protections of private property. It should be statewide, not just east of the Cascades. Multnomah County in particular violates constitutional provisions with their authoritarian planning regulations which no elected official has ever signed off. Therefore, at the state level bills such as SB788 are vitally necessary and should be approved for statewide application.
