

Submitter: Ken Alexander

On Behalf Of:

Committee: Senate Committee On Natural Resources and  
Wildfire

Measure, Appointment or  
Topic: SB77

A Statewide law is overkill, and is not applicable to the needs of the people in most of the rural areas that are distant from Urban centers. Local County control is much more practicable in serving the needs of any regulation in rural areas rather than Statewide laws that don't fit the circumstances. Please don't pass any more State laws that have a negative effect on remote rural areas. Innovation and skills are a practical necessity to surviving in areas where self sufficiency is required for success. Putting up artificial roadblocks by blanketing the State with unnecessary and useless regulations is not helpful.
