

Submitter:	Geoffrey Stathos
On Behalf Of:	Forest Products Companies
Committee:	Joint Committee On Transportation
Measure, Appointment or Topic:	HB3362

I oppose 4% excise tax on tires. We are being excessively taxed as it is. Tires on my vehicle cost \$1000 to replace and on top of that we pay fuel tax at the gas pump. Increasing taxes is inflationary and the public ends up paying for more for tires. Please stop this madness.

It would be refreshing if this committee would search for ways to cut taxes.
