Measure, Appointment or Topic: HB3103

I speak in support of HB 3103. Our forests are in dire need of maintenance. Leaving the brush and over growth is like saying please burn our state up. How can we have new growth if we stifle it? It will create jobs that environmental activists have stolen from thousands of Oregonians. It will protect wildlife and human life from fire. Not maintaining our forests is just plain stupid.
YES on HB 3103
