On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

Dear Committee Members,

I support HB 3362 as a commonsense, minimal, and equitable proposal to raise revenue from tire sales and direct it toward spending that will generate real benefits for everyone in this state, be they driver, hunter, angler, transit rider, or general appreciator of safe roads, safe wildlife, safe fish, and safe transit.

Sincerely,

Caylin Barter

Driver, hunter, angler, transit rider, appreciator of safe roads/wildlife/fish/transit,
