- 3• excessive dependence on or devotion to something: slavery to tradition.

NOTING the definitions, and items number two and three.

The Legislature ( engrossed ) was created to assist and administer to the citizenry of the State, not create a socio-Marx-ism enclave. Dependency position of the citizen, is in fact Slavery of an economic kind. The State has been incapable of controlling the funding needs, based on the fools errand of Social-ism in the Political operations.

As to number three: The Majority party depends on keeping the population in economically weak position. The continued contraction moves wealth to the State not owners

of the State- State employees become secondary overlords along with the Leadership when the hiring is of Bureaucratic in nature.
