Greetings Honorable Congressmen

I rise to object to the content of SB 1098 because it contains and supports an ideology that is destructive to many nations in world history when they had adopted the behavior of sex with children as well as same gender persons.

I see from the lists of testimonies supporting this bill in large numbers, however, a popular thought does not make it beneficial to society. Do you allow your children/grandchild associate with the same people who support this bill? Think twice before supporting this and allow the voices of parents who oppose this bill verbage. We are all held accountable for our actions.
