

Chair Frederick, Co-Chair Weber, and Members of the Committee,

My name is Kathleen Grove, teacher for Siuslaw School District in Florence, OR. I am writing to urge you to support [Senate Bill 1098](#), which will prohibit discrimination based on the race, religion, ability, country of origin, sexuality, or gender of the individuals featured in the content of educational and library materials in K-12 public schools in Oregon.

In Oregon, we have seen countless efforts to ban books that feature LGBTQIA2S+, Black people, Indigenous people and other people of color. In the past five years, book challenges have increased dramatically. This bill creates a statewide standard ensuring freedom of information both to users of that information, as well as providers of that information, for example librarians and educators. It also ensures students have access to accurate and representative information about their histories, communities and selves.

I urge you to vote YES for SB 1098, as Siuslaw School District's School Board is currently reviewing whether or not to ban the book *Flamer*, by Mike Curato. *Flamer* is a powerful suicide prevention story about a BIPOC, LGBTQIA+ youth. As a K12 Teacher-Librarian, I know how important it is for our youth to see their stories reflected in the books they read; books also serve as a window into someone else's life, which is extremely important for our rural, geographically isolated students. When books about historically disenfranchised groups – including Black, Indigenous, people of color and LGBTQ+ people – are banned in libraries and schools, this signals that discrimination, exclusion, and othering of youth and students with these identities is acceptable.

[Senate Bill 1098](#) protects student's right to see themselves represented in the books, materials and classrooms they learn from and to learn about diverse communities and people. Thank you for taking the time to hear my story today. I urge you to vote YES to support and advance [Senate Bill 1098](#).

Thank you,

Kathleen Grove
