

Submitter: Amanda Adzima

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB599

I support this bill because it would protect property owners from having to be involved with immigration disputes. Since landlords would be unable to collect information about immigrant status it would keep them safe from having to disclose this information to law enforcement if asked. If they do not know they cannot say and they cannot be compelled to say meaning they would be kept out of such divisive political issues.
