

Submitter: Elizabeth Brooks

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

No new tax on tires! We are a family farm in Benton County and use tires on our autos, pickups, trucks, tractors, combines and a myriad of implements of husbandry. Farm income is already on a down cycle and we just can't see any reason to "kick the dog", especially fresh are all the forms we have filed to complete our payroll for the 2024 tax year. Bureaucratic red tape is sickening, we have had enough. NO on Tire Taxes!
