Measure, Appointment or Topic: SB1098

I strongly support SB 1098 because access to a diverse range of books is essential for developing well-rounded, independent thinkers. Exposure to different ideas, perspectives, and experiences helps students build critical thinking skills, empathy, and a deeper understanding of the world. We are stronger and smarter when we encourage curiosity and learning rather than restrict it. I urge lawmakers to stand against book bans and protect the right to a full, diverse education for all students.
