Measure, Appointment or Topic: HB3362

Hello, my name is Mckenzie Calvert, and I am opposed to the proposed tax increase on tire sales. As a resident of rural Oregon, I go through one to three sets of tires each year. This is a direct result of the conditions in our area—gravel roads that we share with large logging trucks. These trucks kick up rocks and debris, making flat tires a common occurrence for us. Tires are already becoming increasingly expensive, and this tax would further strain my budget, limiting the money I can spend within my own community. I urge you to reconsider this measure, as it disproportionately impacts rural residents like myself.
