On Behalf Of: Mr Oregon OPPOSES HB 3083
Committee: House Committee On Education
Measure, Appointment or Topic: HB3083

I OPPOSE [HB 3083].

[HB 3083] has 'No' budget allocations and or funding source(s).

[HB 3083] will affect capital programs for schools that cannot afford the emergency system.

***Reallocating Lottery funds from all State Departments to fund the capital program is one idea.

***A cheaper and very effective way to fund school safety is to provide hand-held 'air-horns' to teachers and staff.

***'Air-horns' produce ear splitting blasts of sound and can be heard throughout the school is a reasonable expenditure.

***Frequent Training of everyone (including the kids) on the use of the, 'Air-horns' (and what to do if one hears the blast of sound) is a simple safety project.

***'Air-horns' maintenance and replacements are reasonable costs.
