

Submitter: Jean Armour

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3103

I am writing to oppose HB 3103. We need our forests to regulate climate, to support our fish and wildlife and to nourish our bodies with clean water.

What will be left if they clearcut everything. Trees take years to regrow. Please think of the present and future consequences of clearcutting and gutting our forests.

Therefore I oppose HB 3013.
