

Submitter: craig pubols

On Behalf Of:

Committee: Senate Committee On Education

Measure, Appointment or Topic: SB1098

Some of the books in our school libraries are just plain pornography.. sex education does not mean that children should be given instruction on how to preform adult sex acts.

i have seen some of what people are objecting to and it is disgraceful. Drawings of a young boy kneeling in front of a grown man is criminal child pornography.

Parents know best what their children should see.
