We Oregonians have voted consistently for years against a sales tax. The CAT tax was forced on Oregonians and is a sales tax even though our government refuses to acknowledge it as such and does not allow it to be shown on most sales receipts, thereby keeping it hidden. Do NOT add a sales tax on tires. Oregonians don't want more taxes and most definitely don't want a sales tax. Vote NO! Use the excessive taxes we already pay wisely instead of taxing us more.
