Resources, and Water

Measure, Appointment or Topic: HB3587

I support HB3587 and the effort to insure the preservation and good health of our Rocky Habitat areas. The value of these ecologically rich zones is immense and of great value to the State of Oregon and its citizens. Please pass this bill and give these areas the attention they deserve. I am particularly pleased to see Coquille Point, Blacklock Point, and Cape Blanco on the list of sites because these are places I visit and I know their value as visitor sites.
