Joint Committee on Transportation,

I am writing today to state my opposition to HB 3362 Tire Tax. I do not support additional taxes and we already pay taxes on each tire purchased in the state of Oregon. I do not support tie taxes going to environmental programs or the rail transit fund. The current tire taxes are to be used for road maintenance only. My tire prices have increased a minimum of 33% due to 2024 inflation and I cannot afford to pay additional taxes! This State government needs to learn to live within it means and I submit needs to cut back as I have had to cut back due to increased costs. Stop taxing us hard working law abiding people. Enough is enough!

Sincerely,
Bryan Baumgartner
