

Submitter: john houston

On Behalf Of:

Committee: Senate Committee On Education

Measure, Appointment or Topic: SB1098

To impede or deny school board members
across Oregon to remove offensive or destructive materials is a very bad decision.

It is not about discrimination, it's using common sense!

Just the fact that we have to have a discussion about not exposing our kids to porn
and DEI materials says everything about the people who support this and who wrote
it,you're a sick!!!
