I just moved to Salem from Albany and in Albany my average pay was \$33./month. I moved from a 1 bedroom to a 2 bedroom and my first bill for 19 day was \$159.00! | almost had a heart attack! It seems that we are paying for PGE's negligence during the fires and the shareholders should be paying for this, not me or anyone else! Shame on PGE and its GREEDY shareholders! And they all probably support the idiot in the White House!
