

Submitter: Diana I
On Behalf Of: poc and early childhood development
Committee: Senate Committee On Education
Measure, Appointment or Topic: SB1098

Books show children and even adults how simple certain topics can be talked about and normalized. I am uniquely positioned as a queer, colored, educator to be able to talk about these topics from my own lived in experience. I feel it is important to have these tools to continue to teach any and all topics.
