Measure, Appointment or Topic: HB3103

With so many damaging policies emanating from Washington DC, and on this measure specifically, the State of Oregon must stand as a barrier to the nonsense. The Trump administration has the ax in its grip, and is surely not thinking of our country's, and our state's forests. Only you, our legislature, can protect the values Oregon voters have expressed time and time again when it comes to the trees. Please oppose this measure.
