

Submitter: Missy Sandgren

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

I oppose HB 3362 because it is another tax. A ridiculous tax, at that. Not every Oregonian benefits from mass transits, yet we all have to be taxed 4% on the tires we purchase to cover the missteps of ODOT in their budget audit. Taxpayers are tired of this and the elected officials need to hear our voices....NO TAXES!
