

Submitter: Paul Brady

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3103

I oppose House Bill 3103 and its amendments.

Clear-cutting and excessive logging will be detrimental to the long-term health of our forests and harmful to wildlife, it will increase erosion, and will have a negative impact on water quality.

This timber industry bill is short-sighted and irresponsible if we want to leave the next generation with the same resources and beautiful, healthy forests that we have had the fortune to enjoy.

I urge you to oppose this bill. Please don't let this bill pass out of committee.

Sincerely,
Paul Brady
