RE: HB 3012
(Allowing 16 and 17 year olds voting rights)

The funding networks tied to this Bill's resource "NEXT UP" are many and a number also are recipients of USAID funding. Many of these NGO's are not representative of conservative values.

Some agents, directors and representatives of these many groups obviously to me have conflicts of interest. My opinion.

They include but not limited to:
National Endowment of Democracy
Rockefeller Philanthropy
Alliance for Youth Organization
Consortium for Elections
National Democratic Institute
Global Communities
World Vision
Fidelity Investments
Inter News Network (creates propoganda for Global)
New America Foundation
National Endowment for Democracy
Institute of International Education
Board of Trustees of the Leland
Save the Children
Social and Environmental Entrepreneurs
Windward Fund
Tides Foundation
Pact Inc
World Resources Institute
Environmental Defense Fund
East-West Management Institute
Justice Innovation
Tides Center
Scholars at Risk
University of Pittsburgh
Kaiser Foundation Hospitals

Oregon Community Fund
Freedom House
The George Washington University
Proteus Fund
NEO Philanthropy
The Trustees of Columbia University
American Institute for Research
and more.

Tax dollars from all 50 states is being used to harm Oregonians. These NGO's that are behind the push for this Bill are from Portland, Oregon. The 3 million residents of this state do not all live in Portland and do not want to be like Portland. Children should not be used to gain votes, they should be left to be kids. Stop exploiting them for political gain.

Sincerely
Lori Shaw
