Children aged 16 or 17 should not be allowed to vote. I work as an Instructional Assistant and they are very immature at this age. They don't follow politics at all. They don't care about politics. They care about their friends, the gossip of who's dating who, and whose house they're staying the night at. I've seen students just push buttons during state testing just to finish. They are children, babies yet with undeveloped minds. They should not vote especially in school settings with the influence of someone who is not their legal guardian or parent. Just wrong.
