

Submitter: Destiny Covington

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

No more taxes. We already pay taxes on tires, through the CAT tax, as well as already pay taxes for Tri met through our paychecks, enough is enough, please be respectful of the money the taxpayers already give you for these things. When we need things in our household, we can't just decide we want more money, we have to save and plan, please consider running the state similar to a household, you guys are seriously putting the hurt on people and need to be more responsible with money.
