

Submitter: Tom Johns
On Behalf Of:
Committee: Joint Committee On Transportation
Measure, Appointment or Topic: HB3362

The people who will have to pay this tax, will not get any benefit from the tax dollars. This is and should be a non-starter. If you want more money for mass transit why not charge to very people who actually ride the bus more for the service. They pay they benefit. DO NOT raise the rate that business has to pay now for the mass transportation system- a system that very few employee ride
