

Submitter: Megann Cox

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

I oppose this bill as we are already paying high income taxes here in Oregon and we should not need to pay sales tax on top of that. By raising income taxes and adding in sales tax, you are making people less motivated to work and earn/save money since the government is unrightfully taking and wasting so much of it. We don't know where a lot of our money goes and there are reports coming out about how much of our money is "lost". Please stop raising and adding more taxes! This is unfair to the people who are living and trying to build up their lives in Oregon.
