Be it known, that I Kernin Steinhauer, a native Oregonian, opposes HB 3362. As citizens we cannot shoulder the expense of these imposed sales taxes. For the past eight years we have been victimized by our own government through imposed taxation. You want a new tax, put it to a vote.

If put to a public vote HB 3362 will be soundly rejected.

Please turn your attention to helping the residents of our state prosper.

Respectfully submitted.
