

Submitter: Amanda Duncan

On Behalf Of:

Committee: Senate Committee On Energy and Environment

Measure, Appointment or Topic: SB88

As a long-time Oregonian concerned about rising energy rates, I urge you to support SB 88. Ratepayers should not be required to pay for spending that only benefits the utility companies, such as spending for lobbying, advertising, or litigation. These expenses add up to millions of dollars every year. Meanwhile, many Oregonians are struggling to pay their energy bills. This can lead to serious public health risks during extreme weather events and when air quality is poor, both of which are becoming more common because of climate change.

Please support SB 88.

Sincerely,

Amanda Duncan
Beaverton, Oregon
