Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or
Topic: SB77

This bill is simply overreach of state government and imposes restrictions on farm and forest land use, that further puts financial burden on those who need to utilize their property. Many (especially small) acreage parcels are not sustainable or economically viable as farm or forest use without some further related venture. It leaves these properties unused for farm/forest, and/or gentrified estates for the rich. This makes Oregon increasingly unaffordable. I see ZERO benefit for the public good in this bill.
