On Behalf Of:

Committee: Senate Committee On Early Childhood and Behavioral Health

Measure, Appointment or Topic: SB702

Dear Chair Reynolds and Members of the Committee,

As a parent of two young kids, and with relatives with substance abuse problems, I work hard to work to protect my kids from danger and ensure they can live long and healthy lives.

Some threats to that are obvious, some are more subtle. The tobacco industry is working to hook kids with flavored tobacco.

The question in front of you on this bill is simple:

- Is Oregon's priority the health of Oregonians, particularly the health of those Oregon's most vulnerable, including our kids?
- Or is Oregon's priority the profits of tobacco companies?

Flavored tobacco and nicotine products have no place in Oregon. Please support SB 702.

Thank you for your consideration, and your service to Oregonians.

Warm regards,

Evan Manvel
