Committee: Joint Committee On Transportation
Measure, Appointment or Topic: HB3362

It takes me almost an hour to commute to work. I already have to work overtime at my job to make ends meet, taking time away from my kids. This would cause more financial devastation to my family as I would have to pay more to maintain my car so I have reliable transportation to keep my job. I've tried moving closer, but can't because of the price of rent. Please do not cause more hardship to the Oregon working class by imposing taxes on tires.
