Measure, Appointment or Topic: SB702

On behalf of my husband and all pipe tobacco smokers I oppose SB702. Children are not going out and purchasing aromatic pipe tobacco lets be so for real right now. They've never marketed towards children. Leave the pipe tobacco smokers out of this bill. I support an adults right to make their decisions about what they put in their bodies. It is our god given right as human beings to have complete bodily autonomy. If you support this bill you are suppressing yet again a bigger issue which is parents allowing their children to have access to flavored vaping devices. There is a reason you have to be 18 years old to purchase them. You might as well ban flavored alcohol while you're at it. Or flavored cough medicine. I strongly feel this bill is unnecessary.
